

HELPING HUNTERS FEED THE HUNGRY

**SHARE THE
HARVEST**

ABOUT SHARE THE HARVEST

Share the Harvest (STH), a partnership program administered by the **Missouri Department of Conservation (MDC)** and the **Conservation Federation of Missouri (CFM)**, provides an easy way for hunters to donate venison to Missourians in need.

With the help of statewide and local sponsors and cooperating meat processors, hunters can donate their deer harvest, which is then distributed to Missourians in need through participating food banks and pantries. Many Missourians, including families with children, do not have a dependable source of protein in their diets. Venison is a valuable, low-fat source of protein.

HUNTERS

If you want to donate all or part of your deer harvest, find a local participating processor online at mdc.mo.gov/share. In many cases CFM, with other sponsors, reimburse the processor so that there is no or little cost to the hunter. To determine if there would be processing fees associated with your donation, contact your local STH processor.

IN NEED?

Families or individuals in need of a healthy source of protein simply need to contact a participating distributing agency to check the availability of STH venison. STH venison is processed as ground meat, making it a perfect ingredient for many recipes.

— Major Sponsors & Partners —

Organizations wishing to coordinate Share the Harvest in their area may contact their local conservation agent. Agent contact information is available at mdc.mo.gov/contact-engage.
